## What's on

### May 2020

Fri	Sat	Sun*	Mon	Tues	Wed	Thur
1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31				

\* Holyday

### Corona virus COVID-19 up dates from Sunday 3<sup>rd</sup> May General advice for the public and basic protective measures against the new coronavirus.

For more info see <https://www.who.int/emergencies/diseases/novel-coronavirus-2019>

Take care of your health and protect others by doing the following:

#### **Wash your hands frequently**

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

**Why?** Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

#### **Maintain social distancing**

Maintain at least 1 metre (3 feet) distance between yourself and anyone who is coughing or sneezing.

**Why?** When someone coughs or sneezes they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, including the COVID-19 virus if the person coughing has the disease.

#### **Avoid touching eyes, nose and mouth**

**Why?** Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

#### **Practice respiratory hygiene**

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

**Why?** Droplets spread virus. By following good respiratory hygiene you protect the people around you from viruses such as cold, flu and COVID-19.

#### **If you have fever, cough and difficulty breathing, seek medical care early**

Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance if you have symptoms of your local health authority.

**Why?** National and local authorities will have the most up to date information on the situation in your area. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent spread of viruses and other infections.

**Stay informed and follow advice given by your healthcare provider**

Stay informed on the latest developments about COVID-19. Follow advice given by your healthcare provider, your national and local public health authority or your employer on how to protect yourself and others from COVID-19.

**Why?** National and local authorities will have the most up to date information on whether COVID-19 is spreading in your area. They are best placed to advise on what people in your area should be doing to protect themselves.

## What should you know if you are in Milano?

1) you have to stay at home

2) you must avoid all travel except for health and business needs or reasons of necessity. If you need to travel it is obligatory to carry a valid self-certification form with you.

Please download this file in Italian

[file:///C:/Users/optiplex3020/Download/nuovo\\_modello\\_autodichiarazione\\_26.03.2020\\_editabile.pdf](file:///C:/Users/optiplex3020/Download/nuovo_modello_autodichiarazione_26.03.2020_editabile.pdf)

3) having a fever higher than 37.5° you are strongly recommended to stay at home and to inform your doctor

4) if you are subjected to quarantine or positive for the virus you must stay at home.

**Hospitals** are regularly open.

All **Churches** are closed to tourists but they will be open for the faithful for private prayer.

**Chemist's shops, pharmacies, groceries, tobacconists, newsagents, petrol pumps, banks** will be open by rules to regulate the number of accesses following the droplet criterion (at least 1 metre (3 feet) distance between yourself and anyone else)

The **public transport service** is currently operating regularly across the entire network. They are carrying out a daily careful disinfection on all vehicles and will regulate the number of accesses. All passengers are requested to respect all the rules on prevention, including wearing masks and gloves.

**Bars, pubs and restaurants** are now open only for take away or deliveries.

Only 26 (normally they are 94) **weekly open-air street markets** can now set up their stalls only for food shopping, always in compliance with safety distances. Special barriers oblige the entry and exit paths. Some attendants will measure body temperature at the entrance.

**Grocery supermarkets and shopping malls for construction products** open with extended hours giving access to a limited number of customers who must wear mask and gloves. Attendants measure body temperature before the entrance.

All **fenced parks** are now normally open to the public. Here it is allowed to walk at a distance of 1 meter (3 feet) from other people, to run at a distance of 2 meters (6 feet) from other people, and sit on the benches at 1 meter (3 feet) from other people.

**Individual sporting activities** in the parks and gardens of the city are possible wearing a mask and following the droplet criterion (at least 1 metre (3 feet) distance between yourself and anyone else).

**Area B and Area C** are opened to traffic.

Lots of **museums, theatres, companies and orchestras** are organising activities on their social media pages to entice followers to tour their arts virtually. Please visit their websites for further information on the initiatives.

**All the other places** are closed until further notice, such as:

**schools, universities, museums, exhibitions and art venues, all theatres and cinemas, fashion shopping centres, hairdressers, beauty salons, gyms, sports centres, swimming pools, spas.**

All **group outdoor** sporting and physical activities are totally banned.

**Football matches** are closed.

## To know

[Cookie preferences](#)

**latest decisions by the Italian government,**

## it is necessary to wait until Monday 18<sup>th</sup> May

Due to the current lockdown in Milan, we regret to inform you that the calendar of events will be temporarily suspended.

We will be back on line as soon as activities in the city will go back to normal.

**This calendar is a work in progress;  
as soon as we receive more information  
we add them day by day.**

+++++

## Press release from the British Embassy Rome

### IOM in Italy to support British Nationals who want to regulate their status in Italy

**Supporting British Nationals with the necessary local procedures to obtain and maintain their right to be resident in Italy after the end of the transition period.** This is the objective of a new programme launched by the International Organisation for Migration (IOM) with funding from the UK Government. The British Embassy in Rome will be supporting IOM as it carries out this important work. The programme is part of a wider initiative through which the UK government and IOM aim to reach and provide assistance to approximately 30,000 British citizens in Germany, France, Italy, Poland, Portugal, Slovakia and Spain.

**Laurence Hart**, Director for the IOM Mediterranean Coordination Office, said: "We are delighted to be able to take forward this extremely useful and valuable activity here in Italy".

"IOM will facilitate access to the necessary information about residency requirements for British Nationals in Italy. We will also provide direct support on completing paperwork for all those who might be having difficulties in taking forward the required procedures introduced here".

Information will be made available on dedicated webpages on both the IOM and British Embassy in Italy websites (see [Living in Guide](#)). IOM will also be offering help to individuals with specific issues, especially those with chronic disease, disability or those experiencing language or technical barriers.

"This initiative will provide direct support to British Nationals, to ensure they avoid finding themselves with an irregular status in Italy. It will also help key Italian institutions streamline the completion of the necessary paperwork".

IOM's work will complement the UK government's strategy, which includes the allocation of £3 million in support of organisations helping British Nationals across several European countries. This will assist British nationals with bureaucratic and administrative procedures that are required to regulate their status in Europe.

"We welcome IOM's new service for UK nationals to help them regulate their status here in Italy, so they can continue to enjoy their rights after the end of the transition period", said **Jill Morris**, British Ambassador to Italy.

The new programme will be launched later this month and will run for 12 months, i.e. until 31 March 2021.

**[The measures Italy has put in place in response to the coronavirus means that UK nationals should not try to register their residency at this time. IOM stands ready to support UK nationals in registering with their local town hall when restrictions are lifted].**

**For further information please contact:**
